Do you have the markups in electronic format? If so, can you send them to me so that I can get the edits started?

Thanks, Stan.

Either time is fine -- I plan to get out to the park between 8 and 9. Call or text me when you have the time set.

We sent the revised bridge schedule to Jonathan earlier today. Will follow up.  
What time do you want to meet? I was going to

take the later shift tomorrow. Can we do it around 10:30 or 11? Where will you be?

Stan

Hi Stan,

I just went to the RM 10.9 website and noticed that the revised bridge opening schedule hasn't been posted yet -- the old information is still on there.

Also, I will have comments for you tomorrow morning on the PAMP and WQMP information for the website. I have significant comments on the summary descriptions, and will probably have some comments on the data reports too,

but if you want to put the data reports up for now, that would be fine. We really should have this up and running by COB tomorrow.

Thanks,  
Stephanie
